Speakers:

Doug Anton, President AEM Consulting

Doug has led the implementation leading to certification for numerous ISO and QS 9000 projects, along with AS 9100. He's assisted with surveillances, documentation, internal audit and training in many others.

Chris Carson, Regional Sales Manager, Bureau Veritas Certification

Bureau Veritas Certification is the world's largest registrar with over 80,000 clients worldwide. Specializing in all areas of management system certification including quality, environmental, and health/safety. Mr. Carson will review the certification process, updated requirements, and an overview of the standards mentioned plus a brief overview of sector specific standards and their applicability.
